## 2021 KIDS COUNT National Data Book

## 40 Arizona

Overall Rank

Since 2019, more Arizona children are living in high poverty areas and more children in the state are without health insurance, according to the 2021 KIDS COUNT® Data Book, a 50-state report of recent household data developed by the Annie E. Casey Foundation analyzing how families have fared between the Great Recession and the COVID-19 crisis. In Arizona, 15% of children live in high poverty areas compared with the national average of 9%, and in 2019, 9% of Arizona children are without health insurance compared with the national average of 6%.

Action Alliance

## 2021 KIDS COUNT National Data Book

## 40 Arizona

Overall Rank

Children's Action Alliance (CAA), a 501(c)3 nonprofit organization, strives to create an Arizona where all children and families thrive. CAA advocates for the well-being of more than 1.6 million Arizona children and their families at the state capitol and in the community. Since 1988, CAA works with elected officials, community partners, and coalitions to protect Arizona's ability to meet the education, health care, and human services needs of vulnerable children and families.
